Foreign economic activity

JSC Aloqabank is increasing the scale and the quality of currency transactions in order to support business entities in terms of export of goods and services as well as foreign currency transactions. At present the following foreign currency operations are carried out by the bank:

I. Opening and servicing foreign currency accounts.

Opening and servicing accounts in foreign currency for legal entities are implemented quickly and accurately. For the purpose of servicing clients in financial transfers promptly, the bank has opened correspondent accounts in first-class banks both in abroad and in Uzbekistan. The bank is establishing correspondent relations with banks from different parts of the world.

II. Keeping record of export import contracts (servicing import and export contracts).

At present, monitoring of export and import contracts is implemented on the basis of the Decree of the Cabinet of Ministers of the Republic of Uzbekistan No. 199 of 21.07.2014 "On additional measures to improve the monitoring of foreign trade operations in the Republic of Uzbekistan". In addition to monitoring the export and import contracts, the bank consults business entities in the territory of Uzbekistan in fields of correctness of contracts, finding partners, formatting of the foreign transaction contracts and in other consultations on the transactions related to foreign economic activity.
